REFERENCE

Subject:

Welding and assembly services and the recruitment processes of welding personnel.

On behalf of Thorr Sp. z o.o., we are pleased to recommend PROram Company, whose commitment and specialized knowledge ensure our projects are executed with utmost care and timeliness. Collaborating since 2023, PROram has consistently proven their value by providing highly qualified staff who understand the needs of our projects.

The PROram team, consisting of highly certified engineers with years of experience, effectively responds to changing requirements, allowing for perfect alignment with the specific needs of each task. Their skills and ability to adapt to a dynamic industrial environment make them a valuable partner.

The cooperative model we have developed, based on mutual trust, professionalism, and smooth, trouble-free communication with PROram, enables us to adjust our production capabilities according to the requirements of the contracts we undertake.

We strongly encourage collaboration with PROram, assuring that their experience and commitment to delivering high-quality services will positively impact the success of your ventures.

Kind Regards,

Andrzej Krystyniak

Prezes Thorr sp z o.o. 19.04.2024
